RUGOSA AND HYBRID RUGOSA ROSES

These Hybrid Rugosa Roses are a valuable race, having size, quality, fragrance and constant blooming habit along with exceptional hardiness. While their beauty and attractiveness commends them for planting everywhere, they are especially valuable for localities like the northwest where the climate is too severe for most varieties of the H. P. and H. T. classes.

Dwarf Apples are rapidly growing in favor. They come into fruiting early and their compact, low-down habit makes them desirable for door yards where there would not be room for standard trees. Also they can be more easily kept free from scale because the growth is all within reach of ordinary spraying apparatus.

Hydrangeas. Ohio, Nov. 13, 1915 — "Our boys state that Hydrangea Arboreseens Sterilis just received were very fine. We thank you."

Clematis Paniculata. Illinois, October 21, 1915.—"Best plants I ever bought."

Clematis. Kentucky, November 5, 1915 .- "O. K. as usual."

Shrubs. New York, October 30, 1915-"Are very satisfactory in every way."

Roses and Shrubs. Missouri, November 8, 1915—"Fine stuff No. 1 condition. Very much obliged for service and quality."

Pennsylvania, Oct. 27, 1915.—"Your Nursery Stock is A No. 1. Came in good shape."

This list is intended for the trade only, and the prices given will be applied only when the quantities required are such as to entitle the purchaser to wholesale rates.

FOR NURSERY PLANTING

ENGLISH-GROWN MANETTI,	5-9 m-m grade	. \$12.00	per	1000
	3-5 m-m grade	. 10.00	per	1000

These prices are for the stocks here at Newark with duty and all importing expenses paid. Further, they are unpacked and regraded here, throwing out all that are not sound, well-rooted and fit for use. The shrinkage—and there is always some—is eliminated by US and our customers get stocks that are all fit to use.

APPLE SEEDLINGS, Topeka-Kansas-grown, from our own contract blocks,

No. 1 grade, 3/16 inch and all up, straight roots\$6.00	per	1000
No. 2 grade, 2/16 to 3/16 inch, straight roots	per	1000
No. 2 grade, 2/16 to 3/16 inch, Branched roots	per	1000
Grafters (will make one to two grafts)	per	1000
No. 3 grade	per	1000

Prices are taken here at Newark,—or shipments can be made direct from Topeka if preferred.

A FEW SHRUBS, our own propagation, strong stock samples on request,

2500 Forsythia Intermedia\$15	00 per	1000
1375 Lonicera Billardi Alba (Upright Honeysuckle, white) 17	50 per	1000
550 Rosa Rubrifolia (red foliage) seedlings	.50 per	1000

ROSES, FROM 2½ INCH POTS, for nursery planting or mailing.

We grow large quantities of Roses, both for planting out in our own nurseries and to sell to other nurserymen. They are well-established plants that give good stands in the nursery rows, and make strong growth. List of varieties and quotations furnished on application.

OF INTEREST TO FLORISTS

HYDRANGEAS, (Hortensis sorts), pot-grown. The new French Varieties.

We produced a magnificent lot of these last summer. They were grown in 6 inch pots plunged out-of-doors under slat houses. We shipped out fully 25000 last fall with scarcely a single instance of dissatisfaction upon them. We still have moderate quantities to offer in all the leading sorts and have somewhat reduced the prices to close them out.

FROM 6 INCH POTS

300	Mme. Emil Moulliere, with 7-10 branches	\$25.00 per 100
1000	Radiant, with 5-6-branches	20.00 per 100
650	LaLoraine with 4 branches.	15.00 per 100
1000	Radiant	10.00 per 100

Roses. New York, Nov. 11, 1915.—"Received in good condition. Am well pleased with same."

Roses. Pennsylvania, Oct. 16, 1915.—"Were unpacked in bang-up good condition."

Roses. Virginia, Nov. 6, 1915.—"Your Roses have arrived. We want to say they are splendid and the best Roses on Manetti we have ever seen, here or abroad. Thank you very much for sending us such fine stock."

Roses. New York, Dec. 10, 1915.- "O. K. and very satisfactory."

IN ROCHESTER, N.Y.

BY an arrangement with one of our Rochester customers, we are offering the following stock for their account and for shipment by them directly to the purchaser. The stock is Rochester grown and carefully graded. Because orders for small quantities could not be economically handled in this way, we ask that they call for not less than 25 of a variety and grade.
